## Notice of LGPOA Bi-annual Elections - Districts 2,4,6 & 8

Are you a property owner on Little Gasparilla Island who has joined the LGPOA? Do you have a desire to preserve our unique island way of life? The current representatives for all districts have expressed a willingness to continue to serve in their positions, but that doesn't mean we can't have an election to bring in new perspectives. Those interested in continuing to serve are:

District 3 - Deric Flom

District 5 - Joe Bokar

District 7 - Paul Holmes

If you would like to run for election to serve on the Board of Directors in lieu of a currently serving director in districts 1, 3, 5 or 7 and own property in one of these districts (see corresponding property addresses below), **please email a brief written statement introducing yourself and delineating why you would like to serve.** Statements will be posted on the LGPOA website and emailed to all LGPOA members. Elections will take place immediately following the Annual Meeting on Saturday, April 10th. Please submit your statement of interest to LGPOA Vice President, Rhonda Olson, at [twrhonda@gmail.com](mailto:twrhonda@gmail.com) no later than February 24<sup>th</sup>, 2021.

**\*\* LGPOA Annual Membership Drive**

From Membership Chair, Dawn Bokar:

As the LGPOA's fiscal year begins to wind down, watch your mailbox for the 2021/22 membership renewal form. The membership forms are mailed via USPS in February to the mailing address listed on the Charlotte County Appraisers site. If your mailing address has changed, please update it with the county site. New members or those renewing between now and April 30th, 2021 will be in good standing through April 2022.

With the record number of homes sold in 2020, many new owners may not be aware of our island homeowners association. Please share our contact information with your new neighbors so they can keep up with all island news. Thank you for your continued support of the LGPOA and best wishes for a happy and healthy 2021!

On January 5th, 2021 the PSC denied Environmental Utility's motion to bifurcate the rates from the plan. Environmental Utilities will have to provide rates and costs before they are granted permission from PSC to become certified to build the system. As we get more details about the next steps in the process we will update you.
